Product Sheet

MediaForm 15.6” Non Touch Portable Monitor

Model: MF156-NT LC (Leather Case)

Lightweight and portable, this new non touch monitor travels effortlessly while providing rich, sharp screen vision for design, presentations, or multitasking. USB-C connectivity ensures seamless compatibility with laptops, desktops, tablets, game consoles, smartphones and other devices.

Engage in video editing, graphic design, watch movies, play games, practice yoga, trade stocks, take products out to negotiate contracts, and hold multi-person video conferences while working. The wrap around Leather Case, when opended up, converts to a well designed strong stand for the monitor.

Key Features

- Leather wrap-around case
- Wireless power supply
- USB-C connectivity
- Slim, portable design
- Includes Neoprene protective sleeve
- Ideal for designers, educators or professionals
