

The Mediaform Managed Print Solution (MMPS) will assess, structure and optimise your organisation's entire print fleet and provide significant results to you and your business. The MMPS Program will comprise of the purchasing of printers, consumables and all printer maintenance services at a pre-calculated charge without the worry of locked contracts. To ensure all stocks are readily available on the shelf, Mediaform Computer Supplies will also provide a Print Tracker program which will enable you – the customer – to receive printer analysis and evaluation data in both text and graphical formats, at no extra cost. The result will be a significant long-term cost saving to your organisation and at the same time, provide you with a strategic way of managing the print devices throughout your office environment.

**** Existing printers can also be covered under the MMPS Program ****

PRINTERS

Mediaform will provide all purchased or leased printers and at the same time, ensure you – the customer - receive a 10-20% in discount pricing.

CONSUMABLES

Mediaform will supply and distribute consumables for all printers covered under the MMPS Program. There will be a minimum of 25% savings across all consumables from your existing costs and spare cartridges are always provided for each printer on shelf to eliminate any unexpected stock shortages.

PRINTER MAINTENANCE

Mediaform will provide servicing for all printers under the MMPS Program. Calls are logged through the Mediaform Technical Department which saves you – the customer – on downtime and administration work. All parts and labour are included under MMPS.

PRINT TRACKER SOFTWARE

Mediaform will install Print Tracker Software on a single desktop or server at zero cost under MMPS. The Print Tracker Software allows rules, routing and reporting from a central desktop location providing you complete control of all the print fleet across your office environment. Real-time email alerts and job status updates can be setup through the software and you can choose from a variety of visual data options such as graphs, charts or tables to comprehensively display all print fleet monitoring information.

INVOICING

Mediaform will send out a **single detailed invoice** on a **monthly** basis.

TRADING TERMS

Trading terms will be **30 days** from statement.
